### B. Tech/M. Tech /BCA/MCA Final Year Project Guidelines

#### 1. Project Evaluation Criteria:

Subcomponent	% of Weight out of total marks/score assigned	Fractional weight
Supervisor's assessment	40%	0.4
Evaluation Board's assessment	40%	0.4
Project Report/Thesis (to be submitted at the end of the semester and before the end-semester theory assessments and assessed internally by the Department)	20%	0.2

#### 2. Continuous Project Development:

- Project development is a continuous process requiring regular interactions with the project guide.
- **Bi-weekly Meetings:** Every project group must meet with their guide every 2 weeks, starting from 30th July 2025.
- **Project Progress Report (PPR):** During these meetings, a signed PPR must be submitted by the group.

#### 3. Project Diary:

- Each student must maintain a project diary.
- **Bi-weekly Evaluation:** The guide will evaluate the progress and provide marks out of 10 every 15 days. This evaluation will be recorded in the project diary along with the guide's signature.
- **Internal Marks Calculation:** The final internal project marks will be the cumulative score of these bi-monthly evaluations.

#### 4. Publication Requirement:

- A standard evaluation metric for the project is through publication.
- **UG Students** are encouraged to have at least one book chapter publication before their final semester presentation to earn bonus marks on their projects. **PG Students** are encouraged to have at-least one conference publication.

#### 5. Project Calendar Adherence:

- Every student must adhere to the project calendar issued by the department.

These guidelines aim to ensure continuous progress and high-quality outputs for the final year projects.
